BIOGRAPHY

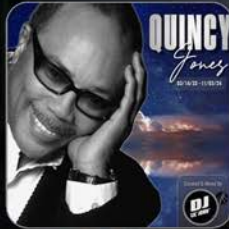

Born and raised on the southside of Chicago, DJ Lil' John is without question one of city's most well-respected DJs. From school gymnasiums to roller rinks, from nightclub residencies to nationally syndicated mixshows, millions of people have heard his "hands do the talking". John's passion has always been in radio. He played on various college radio shows right after graduating high school, without ever enrolling in any classes! Soon after, he created his own national mix-show syndication, mailing his pre-recorded cassette mixes to radio stations across the Midwest. By the mid 90's, he used the same tactics in Chicago, getting his mixes played on WHPK, WCRX, WJPC, WLUW, B-96, and WGCI. And by 2001, the latter station became his radio "home" for eight years!!

In April 2012, DJ Lil' John found a new radio home, WSRB SOUL 106.3. And this time, he's not just mixing, he's talking! Catch him on the highly-rated afternoon show "PrimeTime Radio", weekdays from 3-7pm CT. You can also hear his mixes Monday thru Saturday at 12pm & 5pm, and "Club 1063", Friday nights 9-11pm.

Outside of radio, DJ Lil' John specializes in playing music at corporate events, nightclubs, weddings, and concert hosting. Recent clients include BET®, Scion®, Apple®, Nike®, and numerous Chicagoland municipalities. Nationally, he is an alumni member of The Core DJs™, the world's largest & most influential DJ union. He is available for travel both nationally and internationally.
